

### FORMAL CPD GROUP TRAINING

#### CPD QUESTIONS

*Should you require a CPD Certificate for the above training, please complete all questions and retain this record on your own file. A link will be forwarded to you where you will need to confirm date of completion of this form, after which a CPD Certificate will be issued directly to you.*

**NAME:** ..... **DATE:** .....

**1. What is the main piece of legislation which imposes the Safety in Design review and reporting duties on designers?**

Answer: .....

**2. (Mark the correct answer) A designer's accountability to safety in the workplace was first noted into the above legislation in Queensland in 2003. Which year was it introduced in detail in the legislation, which also added designers' duties for construction safety?**

- (a) 2004
- (b) 2007
- (c) 2011
- (d) 2013

**3. As an interpretation of the Safety in Design legislation, which of the following statements are most accurate:**

- (a) Designers have a duty to make people safe.
- (b) Designers have a duty to look for and act on opportunities to make people safe.
- (c) Designers and all others who influence outcomes have a duty to look for and act on opportunities to make people safe.

**4. Which of the following parts of the lifecycle of a building should be considered as part of Safety in Design reviews:**

- (a) Construction
- (b) Maintenance
- (c) Use
- (d) Demolition
- (e) All of the above
- (f) a, b & c only

**5. Mark all following statements as either True or False:**

- (a) The Code of Practice (Safe Design of Structures) requires full risk assessment of all possible hazards in a design.  
**True / False**
- (b) A designer cannot transfer their Safety in Design duty to another, although they can use the expertise of others to inform and improve their design outcome to better support safety.  
**True / False**
- (c) Once the main design stages are complete, that marks the end of Safety in Design reviews for that project.  
**True / False**
- (d) A client has the right to request exclusion of Safety in Design reviews and reporting tasks from their Architect's fee proposal and scope of work.  
**True / False**
